ABOUT US

Safarilink is Kenya's premier airline with a network of connecting domestic scheduled services to all the best safari, beach and business destinations within Kenya and across the border into northern Tanzania. From its base at Wilson Airport, Nairobi, Safarilink provides daily scheduled flights to Amboseli, Diani Beach, Kilimanjaro, Kisumu, Kitale, Lamu, Lewa Downs, Loisaba, Migori, Masai Mara, Naivasha, Nanyuki, Samburu, Tsavo West, Lodwar, Kapese, Vipingo and Zanzibar.

Safarilink can also provide private charter flights if a client's particular requirements as regards destination or timing cannot be met by the scheduled services. Safarilink was formed in January 2004 by a management team who together had more than 35 years' experience in providing tourist-related air services in East Africa. This professional quality specialist airline now operates 12 aircrafts ranging in size from 13 to 52 seats, which are chosen to meet the specific requirements of operating in bush airstrips within Kenya's world famous game parks.

Safarilink now provides daily scheduled services to 18 destinations and during the busiest periods of the year carries over 20,000 passengers per month. Safarilink currently employs 159 staff of whom 30 are pilots. Safarilink is a member of the Kenya Association of Air Operators.

GENERAL TERMS

Baggage allowance is STRICTLY limited to 15 kgs per person, except for Zanzibar, Kisumu, Diani, Vipingo and Lodwar which is 20Kgs, inclusive of hand baggage and in soft bags. Infants not paying for a seat, are not entitled to baggage allowance. If passenger(s) have significant excess baggage, it is recommended to book a 'freight' seat at the child fare which provides the confirmed carriage of an extra 75kg of baggage.

The latest check-in time is 90 minutes before flight time at Zanzibar, 60 minutes from Nairobi (Wilson), Lodwar, Kilimanjaro, Kisumu, Diani and Lamu and 30 minutes elsewhere. Safarilink reserves the right to depart up to 15 minutes ahead of the scheduled time if passengers have not checked-in at that time.

All safari services are subject to a minimum of two passengers being booked in the high season and four in the low season.

Tickets are non-refundable and non-transferable. See Clause 19 of Terms & Conditions on the Safarilink website for full information relating to Amendments, No-Shows, Cancellations and Refunds. Any amendment made within 96 hours of travel will incur a charge of \$50.

Safarilink is not responsible for any direct or consequential costs resulting from any delays to its services and particularly if a delay results in missing a connection to another carrier – domestic or international. Safarilink only guarantees a connection to another flight operated by Safarilink.

Safarilink reserves the right to adjust fares or taxes in the event of a significant increase in the price of fuel or change in applicable Government charges.

Seats on most Safarilink aircraft are of a restricted 'utility' size and larger passengers well above an average weight will find them uncomfortable. In such circumstances, it is recommended that for both safety and comfort reasons, an extra seat is booked at the child rate.

NOTES

- a) Flights operate in high season only.
- b) Flights operate into multiple strips, so timings vary significantly depending on routing of the aircraft.
- c) For Laikipia to Mara flights in low season, passengers can fly via Wilson and connect to Masai Mara at 1445 Hrs.
- d) Diani - Vipingo only bookable within 24 hours.
- e) **Days of Operation:**
D - Daily 1 - Monday 2 - Tuesday 3 - Wednesday
4 - Thursday 5 - Friday 6 - Saturday 7 - Sunday

The Safarilink scheduled service timetable is structured to allow seamless connections through its Nairobi hub to all the major game parks in Kenya, Lamu, Vipingo and Diani on the Coast & to and from northern Tanzania. And, unlike other airlines, Safarilink guarantees that all same day connections will be honoured and travellers will proceed to their planned destination even when there is a 'tight' connection and on the very few occasions when the first flight is delayed for some reason.

WHY FLY SAFARILINK?

- We are involved in several CSR projects from conservation to education and community support. Safarilink supports tree planting projects around the Mount Kenya region to offset our carbon emissions, and the ongoing support to Lewa Wildlife Conservancy in Laikipia, Colobus Conservation in Diani and Tullow oil school Agro forest programs in Lodwar, which makes us an environmentally and socially responsible airline.
- Our Frequent Flyer program 'Safari Bonus' offers passengers reward points, which can eventually earn you a free flight to any of our destinations.
- We offer several safari and beach destinations on an extensive inter-connecting route network with minimum transit times, thereby providing greater flexibility when planning a safari.
- We have a modern departure lounge and fleet with friendly, professional and efficient staff.
- We offer a competitive rate structure based around multi-sector flying.
